**Strong or soft, luminous or pale, neutral or on-trend – free your intuition to find the perfect color. Think of cabled sweaters in a deep, chocolate brown, delicate lace pullovers in a pale blue-grey or light summer tops in bright red.**

**Channel your inner feminine energy and express it outwardly, for you know instinctively, what suits you best.**

**Let your intuition take the lead on your next project! But as a general rule: the pinker, the better!**

As natural movements reflect in water, so your knitting reflects the world you live in. Choose calm, natural colors, to feel relaxed and in tune with nature, or go for bright colours if you particularly need a boost of energy.

What you knit, where you knit and who you knit with will always have an influence on you, don't underestimate that. Always strive to reflect your dreams and intentions in your project.

Use the time, whilst you are knitting, to think about yourself and the world around you!

An opulent palette of jewel colors, capturing the light of the rainbow. Combine muted tones of blue, green and violet and add accents of a clear turquoise or a fresh green. Play with light and shadow, include simple but effective textures and combine with easy lace patterns.

Regarding the silhouette, think long and open or short and over-sized. In essence, the perfect pieces to create depth for layered looks.

Matte, shiny, soft, fluffy, functional – find inspiration in the yarns and this perfect prism of colors!

Be inspired by colorful coral reefs, majestic sea creatures, mysterious shipwrecks and densely populated kelp forests. During the course of evolution, we moved out of the water onto the land. For the yarn OCEANIA, we decided to look back to our origins and search out innovative fibres from the oceans. Enriched with brown algae from seaweed, seacell is nourishing and revitalizing for the skin. It is moisture-wicking and completely biodegradable.

The fibres come from the oceans, they are harvested in fjords using sustainable methods.

- 50g/approx.105m (115yds.)
- needles size 4-4.5, US 6-7, UK 8-7

From stinging nettle to soft and fluffy yarn – it isn't every day that we use a weed to make a yarn, even if it is a useful one. Although it is true that nettle fibres have been used in clothing for thousands of years.

Spun along with a bundle of light and soft cotton, the nettle fibres give the yarn ORTICA a unique wave effect.

You can expect knits with a naturally lively surface and a play of matte and shiny fibres.

LANGYARNS SIEMPRE  
HAND DYED

- 62% cotton (Pima) 38% cupro
- 100g/approx.340m (372yds.)
- needles size 3.5-4, US 4-6, UK 10-8
- 24stitches/34rows - 10cm x10cm (4"x 4"), Sport
- 9colors

With shadow colors and a subtle sheen, SIEMPRE is just perfect to add that special something to a basic piece or a knit stitch panel. Make life easier for yourself and let the yarn do the work!

SIEMPRE will impress you with its soft handle and hand-dyed tone-on-tone effect, a mixture of 'classic' cotton and cupro. Cupro, also known as vegan silk, is a viscose produced from cotton linter, a waste product of the cotton industry, which gives the yarn a shimmer and a cooling touch, resulting in flowing, crease-resistant pieces.

# KNIT IT YOUR WAY!

In this spring/summer edition you will find 4 awesome new themes. You will feel like a princess as our first model in the beautiful chateau gardens of Třebešice, where you will be surrounded by the most beautiful flowers and plants, and your heart will be filled with pink love like a LOVE POTION. Here most of the designs are knitted with the ultra-soft

BLISS yarn.... If this sweet world is not quite your thing and you like more of a challenge then we have an awesome other world for you, namely, ON THE EDGE.

Here the color brown takes center stage and is photographed near the ruins of the castle, the whole thing has a sharp edge, but the color brown softens everything. If you are really looking for more spice, then our third world is for you: GIRL POWER!

Bold red and burgundy steal the show here, it's sexy, edgy and shows that knitting doesn't have to be boring at all just like the designs. To top it off you will find an explosion of colors in the last theme: COLOR POP where the new yarn Artsy takes the spotlight.

Die «Zwillingssocken» mit zwei identischen Farbverläufen auf einem Knäuel. Beginnen Sie die erste Socke mit dem Faden aus dem Innern. Nach ca. 200 m finden Sie ein Stück unbedrucktes Garn. Schneiden Sie dieses weg. Daran anschließend beginnt der gleiche Farbverlauf für die zweite Socke.

Les «chaussettes jumelles» avec deux dégradés de couleurs identiques dans une pelote. Commencez la première chaussette en prenant le fil par l'intérieur de la pelote. Au bout de 200 m, vous trouverez une partie de fil non teintée. Coupez cette partie de fil. C'est juste après que commence le même dégradé de couleurs pour la seconde chaussette.

The «twin socks» with two identical colour repeats in one ball. Begin the first sock with the yarn from the inside of the ball. After about 200m you will find a piece of unprinted yarn. Cut this away. After that, the same colour repeat begins again for the second sock.
